

THE REVIEWS ARE IN!

“I’ve known Dennis for almost 40 years and he’s one of my and the late Andy Kaufman’s best friends. While I appreciate that some people may object to his business, the fact is it’s legal and safe. It also empowers the women who chose to work there to control their own lives and destinies. Dennis is also one of the kindest, most generous men I’ve had the pleasure to know in celebrity circles.”

– **Bob Zmuda**, founder of *Comic Relief*, an annual event that raises money to help the homeless in the United States and producer of *“Man in the Moon”*

“As the former representative of District 36, I couldn’t be more disappointed in my successor. By voting for the largest tax hike in Nevada history, James Oscarson broke his word and sold out his constituents for thirty pieces of silver. So I wholeheartedly endorse Dennis Hof for this seat in 2016.”

– **Assemblyman Ed Goedhart** (ret.)

“As the former Republican National Committeeman for Nevada, I am pleased and honored to endorse the only true conservative in the race for Assembly District 36. That person is Dennis Hof. Assembly District 36 is blessed to have a businessman and community leader like Dennis Hof willing to stand up, self fund his own campaign, and go up against one of the poster boys for all the special interest groups in Nevada. I trust Dennis Hof to hold the line on taxes and regulations, and be the kind of leader we need in Carson City. I wholeheartedly support Dennis Hof for the State Assembly.”

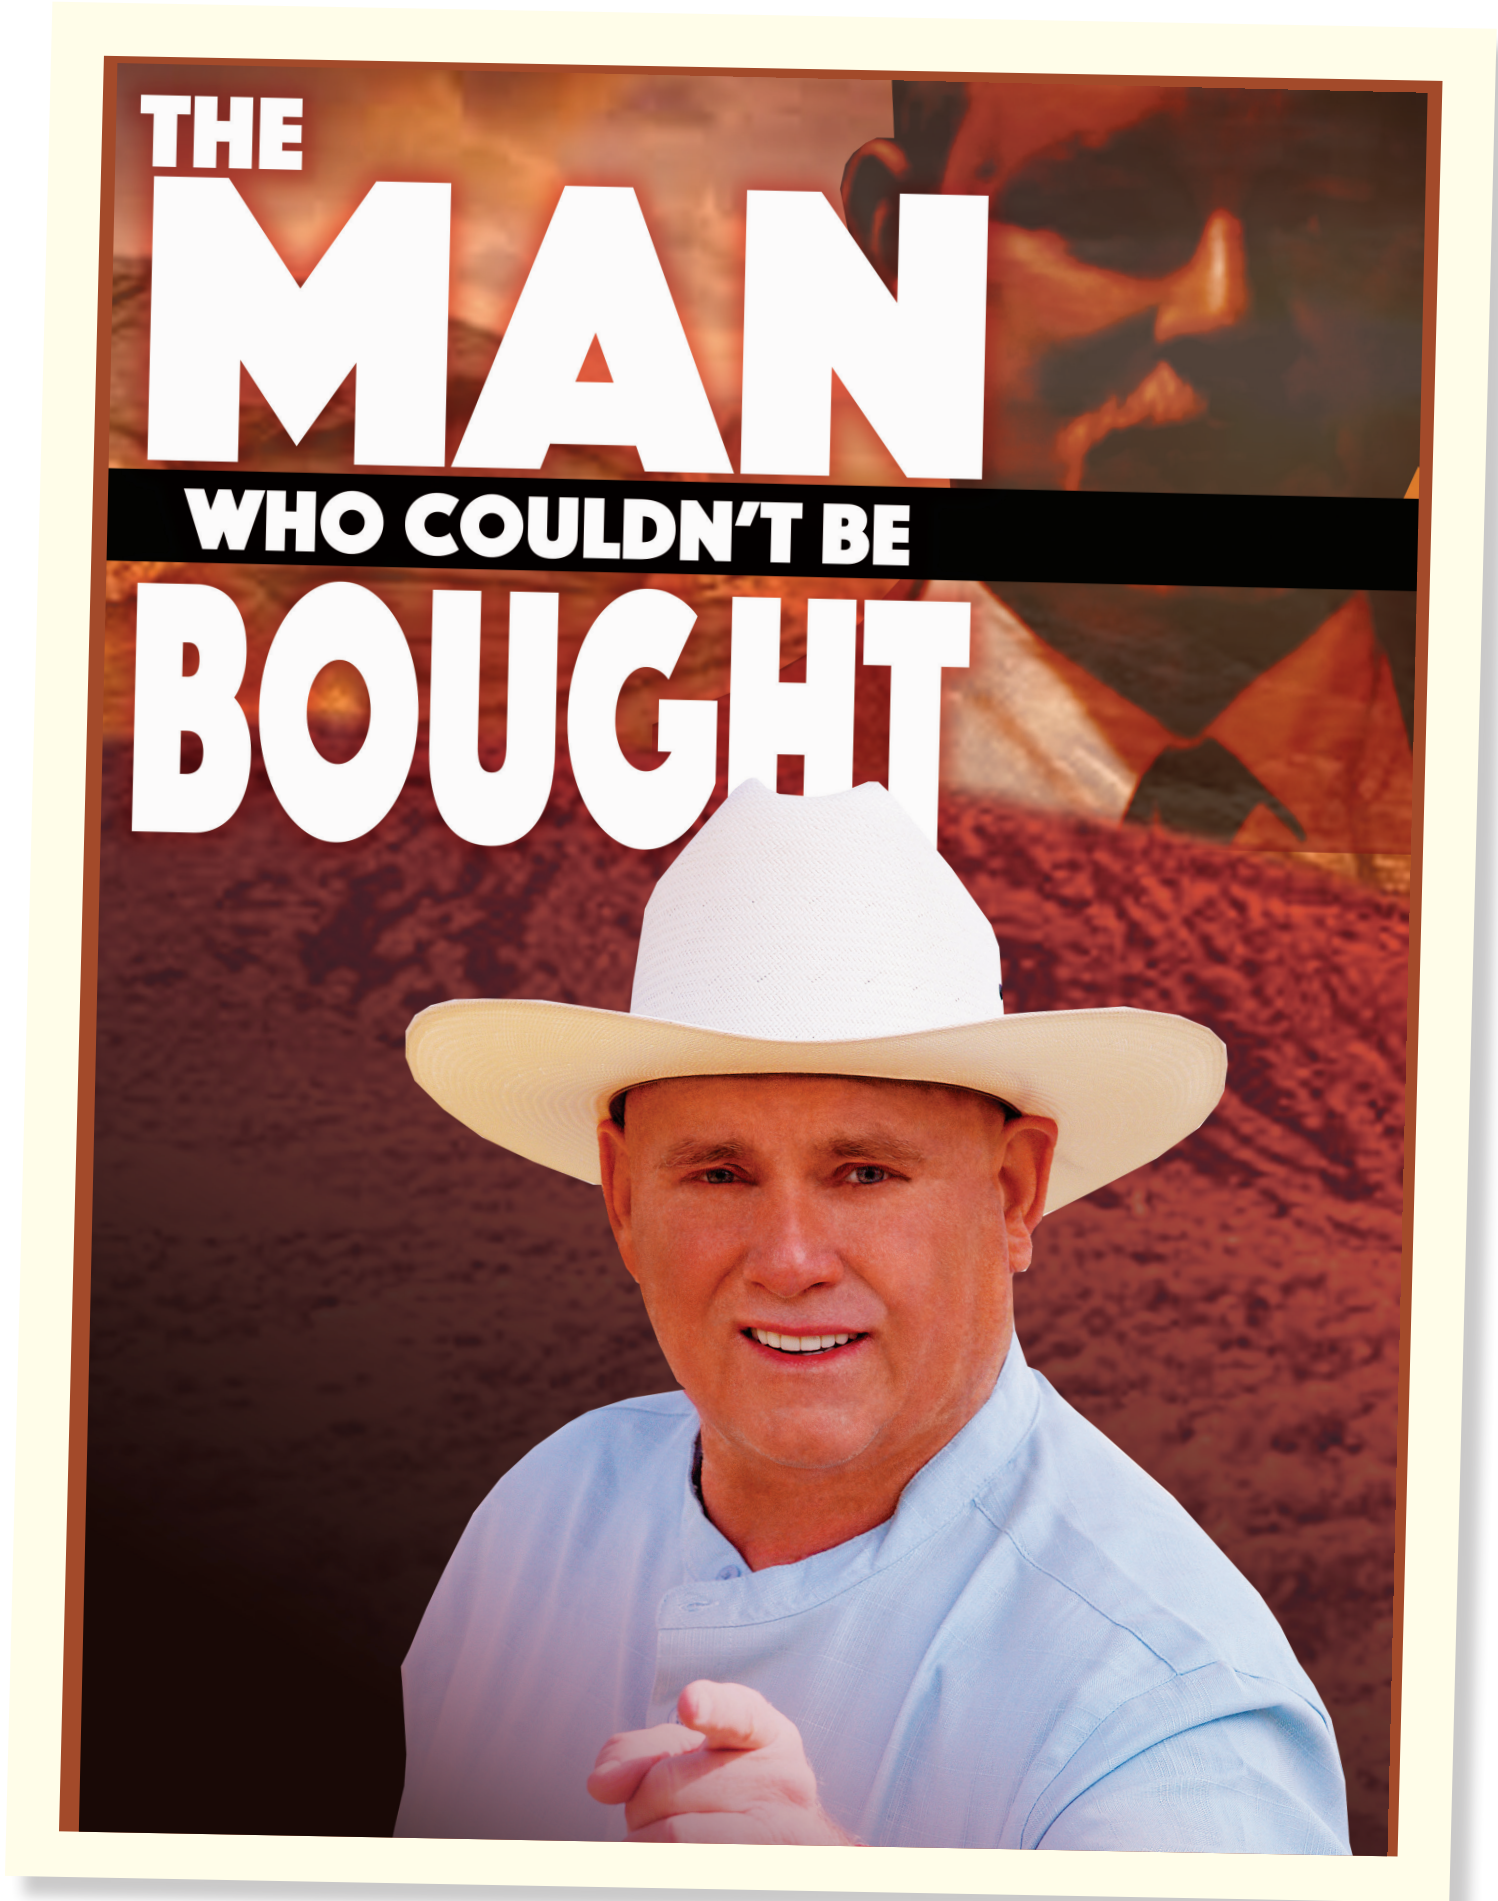

– **James Smack**

“Raising taxes is what weak politicians do instead of the hard work of making tough spending choices. Assemblyman Oscarson took the easy way out and voted for the largest tax hike in Nevada history last year. His opponent, Dennis Hof, has signed the Taxpayer Protection Pledge and will keep his word to the voters he represents. This choice is a no-brainer.”

– **Grover Norquist**, president, *Americans for Tax Reform*

“As the longtime owner of several businesses in southern Nevada – including the Longstreet Inn and Casino in Amargosa Valley – I know a successful entrepreneur when I see one. And Dennis Hof is just that. He owns dozens of successful tax revenue-producing operations and fully understands the undue burdens government too often puts on the shoulders of the true job creators in our state. We need more like him in the Legislature.”

– **Businessman Jim Marsh**

“In more than 30 years as a Republican Party leader, I’ve learned one thing the hard way: Just because you have an ‘R’ after your name doesn’t make you a good guy, let alone a good conservative. “Indeed, after James Oscarson double-crossed us on the margins tax last year, I have to say those strung-out meth-heads on street corners promising they’ll ‘Work for Food’ are more believable than one of his campaign promises.”

– **George Harris**, *Businessman and former Nevada Republican Party Finance Chairman*

“I’ve served two terms with James Oscarson. He’s the pits. He’s a hand-maiden of the governor and bought-and-paid-for “yes man” for lobbyists and special interests. We need more successful, independent businessmen in the Nevada Legislature. That’s why I’m supporting Dennis Hof one thousand percent!”

– **Assemblywoman Michele Fiore**

“To work effectively with your colleagues in Carson City, you need to be able to trust that if they give their word they’re going to honor their word. That was not my experience with Assemblyman Oscarson last year. We thought we had his support in opposing the big tax hike, but in the end he flipped on us. I’ll never take anything he tells me at face value again.”

– **Assemblyman John Moore**

“Assemblyman James Oscarson no longer (has) the support of the Nye County Republican Central Committee...(and) the Nye County Republican Central Committee encourages Republicans in Nye County and throughout Nevada to withhold any future support from James Oscarson in any future elections.”

– **Nye County GOP**

“Having grown up in and around conservative politics and having served four years as chairman of the Nye County Republican Party, smack in the heart of District 36, I can say our current Assemblyman has lost his way with his constituents while finding his way to the Special Interests. District 36 needs a change back to our conservative roots and Dennis Hof is the candidate who can deliver it.”

– **Bill Carns**, former *Nye County GOP chairman*

“While running against James Oscarson in the Assembly District 36 GOP primary, I found people distrusted and disliked him. People resent his lack of integrity. I see Dennis Hof as running a legal business in Nevada and being successful. He appears to be very concerned about taxes and individual freedoms. So I support him over a man who is historically and obviously not trustworthy.”

– **Tina Trenner**

“Dennis Hof is the last, best hope for taxpayers in Assembly District 36. The incumbent betrayed the voters and pushed through the largest, most punitive tax in Nevada history just months after 80 percent of Nevada voters said no to this kind of tax. Dennis is committed to reversing that atrocity, pursuing legitimate education reform, and re-establishing Nevada as the best place in the world to live and do business.”

– **Geoffrey Lawrence**, former *Deputy Policy Director, Nevada Policy Research Institute*

“I am 74 years old and have been in Nevada since 1963. I really pay attention to politics and have never missed an election. I’m a business owner with a goat ranch in rural Nevada, while most of Las Vegas and Reno voters are wage earners. We share nothing in common, and each year I feel abused by politicians like Assemblyman James Oscarson. I’m supporting Dennis Hof!”
